

Mon 15 June

Broxburn Academy

This is the start of our fourth and final week of activities ☹

Today started with the children finishing off some things they have been making for their host parents, but its a secret ☺ so don't say ☺

Then we made the short trip for our third annual visit to Broxburn Academy where we were greeted by the senior pupils and Mrs Bridgewood who is our contact and organiser there. Its great to see some of the same pupils who have been there on all three of our visits. We started off with a game of rounders outside on the sports field. This was an energetic start to our day. Then we went inside for arts and crafts where the children decorated a biscuit with various types of icing, decorated a bag for life, made crazy spiders from wool and paper and lastly we made lots of interesting things from loom bands. As well as having a nice snack the school had put on a great soup and sandwich lunch for us with cakes, juice, tea and coffee.

Interpreter Tania was so engrossed in all the lovely artwork in the corridors that she forgot where she was and almost had to show her wristband for someone to phone for help. Only problem is that its her number that's on the wristbands ☺ Luckily she was ok a pupil found her and she was soon re-united with us.

The pupils and staff were great with us and we had a really fun day.

We finished of our day back at the hall with some concert practice. The concert is only 2 days away and the children are getting very excited about it.
