Mon 14 Sep

### Optician/Mill Farm

Kids arrived all happy ,minus a poorly Nastya. Children started lessons and a wee trip back to Optimeyes Opticians for Liosha and Ercamo to collect their new glasses. Both looking great. Huge thanks again to our friends at Optimeyes. One of their customers had heard that the children were coming so she knitted them all fancy hats. So kind. Liosha and Ercamo rejoined the class for lessons when they got back. After lessons we all boarded the mini bus for a short drive to Mill Farm (Almond Valley Heritage Centre). We all sat down and had the usual shared lunch. We had a walk round the animals, pigs, goats and the horses where a big hit. Then a short walk round to see the birds and took turns in stroking the rabbits and ducks. We all boarded the tractor for a ride and tour around mill farm which the kids all loved. Finished off our Mill Farm trip with some well deserved time in Morags Meadow play area. A short mini bus ride back to the hall for our afternoon snack and some games and play then some rehearsals for the concert. All children very well behaved all day and In great spirit even taking into account the bad weather. We hear that Nastya has had a nice duvet day watching DVDs and is feeling well enough to hopefully join us again tomorrow.
