## School/Bowling

Today was the last full day for this visit 😊

The day started as normal everyone arriving at the hall on time but today we boarded the mini bus for a drive to the beautiful Clifton Hall School.

The children were all amazed by its beauty as were we. We were met by Alison Byson, Susan Glover and Trisha Fraser who all gave the children a lovely warm welcome.

The children were split into two class's, one half joining J4 and Mr Clemence doing geometry and the other half J3 and the lovely Mrs Beedell .

We all stopped for a morning snack of bagels and juice and a play in the park before returning to join in a drama class with Mr Stevemans. The children all loved the dance class especially wearing the masks.

They finished off playing pantaloni and ZANi out in little plays .

We said goodbye and boarded the mini bus to the hall for a much needed lunch and some final lessons.

We jumped back on the bus for a trip to Deer Park for an afternoon of 10 pin bowling. All starting off with the Ramps before the more brave moved on to bowling without the ramps. They all bowled well and enjoyed themselves. Liosha and Alina W both getting strikes. Ercamo was the winner overall with a very good 93 followed by Kira with 92 and Liosha with 86.

A short bus ride back to the hall for a drink, snack, some games and a loom band session to finish off a very busy hectic but fun last day of the visit.

Its been a great visit. Huge thanks to everyone who has helped in any way.

Saying goodbye tomorrow will be very difficult 😊 but we shouldn't be sad for long. We should be happy that we have had the opportunity to have make a positive contribution to the health and outlook of these lovely and deserving children. We have given them a great visit and memories that will last a lifetime 😊 Roll on next year 😊
