

## FOCC WEST LOTHIAN DAILY BLOG 2015

Mon 7 Sep

### Dentist/park

Today the children all visited Optimeyes Opticians in Broxburn to have their eyes tested.

One child needed glasses for reading and writing and another was given new glasses with their current prescription. All of the children were also given amazing goodie bags, which they loved once they saw what was in them. Thank you so much to our new friends at Optimeyes Opticians for their care and patience with our children and of course for their kindness in providing doodie bags and 2 pairs of glasses each for the children who needed them.

Once the children were finished at the opticians we had snacks and then went to the park to play as the children had had eyedrops and it wasn't good to do lessons. It was a scorching day and everyone had fun until lunchtime. Once everyone was fed and watered it was time for lessons followed by some concert practice.

Another great day .....
