

Week 2

Wednesday 14 August 2019

Today started with English lessons, then practising English with games. Next was a cake decorating class, some wonderful, sparkly, bright, arty designs made, we definitely have budding designers in the group. Someone (no name mentioned), wanted to eat all her cakes there and then. Lunch was next, always a busy affair with much swapping of foodstuffs. Then we got into the disco bus and headed off into Broxburn to Jo Tod,s dance studio. Lovely group of ladies taught some great moves to our movers and shakers, many showed a natural flair for dance. Back to college it was for snack and a movie and much cake eating.
