

FOCC WEST LOTHIAN DAILY BLOG 2013

Monday 17th June

Crafts and Beecraigs

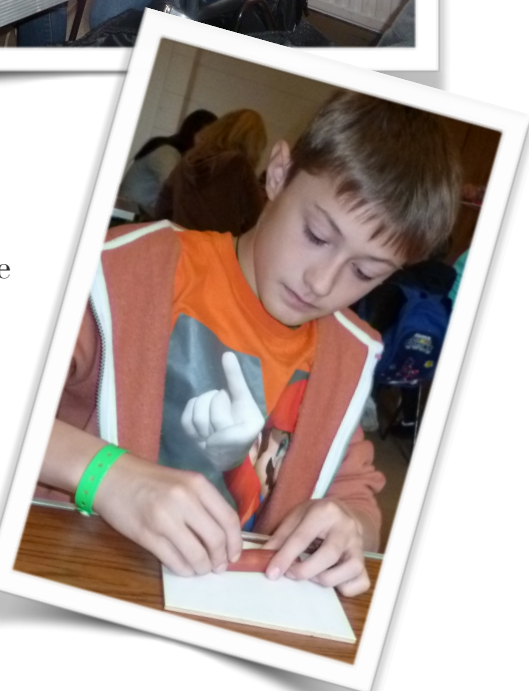

This morning, crafts were on the agenda with Wilma from Ochil Crafters showing the children, and Katia and Ira, how to use

'Fimo' (according to Wikipedia, this is a brand of polymer clay!). By the end of the morning, they had all made a

teddy bear and a dog. After trying, and failing miserably, to do this myself I

have nothing but respect for the efforts of everyone who did manage. Some of the amazing. Well done to everyone. Thanks

models were to Wilma and also to Doreen and Sarah, from the Bank of Scotland in Broxburn, for helping out.

After lunch, we headed off to Beecraigs Country Park where the children let off steam for a couple of hours.

Villain of the day

.....the midgies that plagued us at Beecraigs.

Star of the day.....

Sandy - for pushing the children on the flying fox, over and over and over again.
