

Thursday  
6th June

Specsavers and the Dentist :-)

The children were dropped off at Specsavers from 0800. Staff had come in early to see to our kids before the shop opened. They were very efficient and soon had them all tested with only three needing glasses plus Ira, our interpreter. Just as we were finishing off alarms started ringing and loudspeakers started calling out evacuation

of the Livingston centre. I

was extremely proud of our children who formed up in twos and calmly walked to the exit: they put a lot of adults to shame.

After lunch it was off to Bathgate to the dentists. All the children were seen and treatment given as required; which was not really that bad. A huge thank you to Gary Keenan for supplying the play barn bus it was a brilliant idea and kept the kids occupied; in fact every dentists should have one !!!

Thank you to Martin, Louise & Jennifer for very good assistance throughout the day. A huge thank you to Specsavers Livingston and Bathgate Dental Spa for their attention and first class service.
