The Beach!

A great day at the beach. Weather was good, sunny but a bit nippy although the children didn't seem to

notice as they were having fun outdoors.

We parked at the Links in Burntisland and set up for a simple game of rounders. There was no 'simple' about it! Explaining the rules proved to be

quite a task which was also hindered by Martin Smith teaching the children how to cheat!

After a packed lunch on the grass we walked across to the beach where the children split off into two teams and were given a challenge to collect the smallest and largest shells. We didn't realise quite how many shells were on the small stretch of beach, but our children hunted most of them out!

The winners were Sasha, Luba, Krystina, Sasha and Vicka. No prize was given but the girls took great delight in winning over the boys team!
